Application for Recognition of Examinations, other academic achievements, activities and qualifications (according § 78 UG) (SL/A1-en)

Student details (to be filled out by the student)

Last name:	
First name:	Student ID:
Phone (optional):	E-Mail (u:account):

Details of the curriculum for which recognition is to be granted (to be filled out by the student)

Degree programme code (as it appears on the student record sheet): **UA**

Degree programme (as it appears on the student record sheet):

☐ Bachelor's ◯ Master's ◯ Diploma ◯ Doctoral programme

◯ Bachelor's-TE ◯ Master's-TE ◯ Complementary Bachelor's-TE ◯ Complementary Master's-TE

◯ Extension curriculum (EC) within a bachelor's programme

*(TE=teacher education)

Admitted since (for EC, the admission to the bachelor's programme is relevant):

Signature of the student

I hereby confirm that I have checked my personal data via u:space for correctness and completeness and have completed/corrected the data.

Date Signature of the student

Information concerning the recognition:

- All documents required for the assessment must be enclosed with the application.
- Notarised translations of foreign-language documents must be enclosed.
- The SPL will issue a decision within a maximum of 2 months. Once the decision becomes legally binding the recognition is unalterable.
- Recognition is regarded as examination; additional completion of the examination is not permitted.
- If the examination is passed before the end of the recognition procedure (legal validity of the decision), the legal interest in a decision ceases to exist due to a change in the relevant circumstances. In this case, the procedure is discontinued by means of a file note.

Attention: Other professional or non-professional qualifications must first be positively validated before recognition can be applied for.

This application is for exams that have already been approved in general (listed on document "Course Recognition MSc Mathematics"). If you would like to have exams recognised that are not included in the already approved exams, please submit a normal application for exam recognition.

PLEASE NOTE: Unfortunately, examinations can only be entered with the title on the right-hand side and will then appear as such on your transcript (e.g. ML1 VO Core Module; technically not possible otherwise). However, you have the official notice of recognition to prove exactly which examination you have passed. Please also note that once recognised, examinations cannot be transferred to another module! Therefore, please consider carefully which module the examination should be recognised for.

Please enter which courses you passed and for how many VOs / VUs / PS' / SEs they shall be recognised.

Example: You completed 250157 VO Stochastic Analysis (2024W, 5 ECTS), 250066 VO Introduction to p-adic Analysis (2025S, 5 ECTS) and 250107 PS Stochastic Processes (2024W, 2 ECTS) and want them all recognised for the MEL Module. Then you enter as follows:
